CONTRACTING DIVISION

CIVIL CONSTRUCTION WORK

We are one of the best construction companies in our region. Our goal is to provide a professional touch to civil construction services that exceeds customer expectations. Our team of skilled craftsmen will provide commercial, residential & industrial construction, remodelling, renovation, and corresponding design and planning to the solicitor by optimising both time and resources. These services are rendered by professionals. In addition to this, these building construction services are executed to provide optimum customer satisfaction. From ground breaking to project completion, MAG Group of Companies Civil Work services lay the foundation for success. Our skilled professionals bring expertise to every phase of the construction process, ensuring that your project is built on a solid foundation. Whether its site preparation, foundation construction, or structural development, we approach each aspect of civil work with dedication and attention to detail, contributing to the overall success and durability of your project. Beyond the technical expertise, MAG brings an artistic touch to Civil Work. We believe that the aesthetics of a project are as important as its structural integrity.

- Industrial Building
- Architectural Finish
- Pipe Rack
- Warehouse
- Surveying
- Earthwork
- Foundation
- Super Structure
- Plant Road
- Pavement
- Landscaping Work

SPECIALISED SERVICES.

Waterproofing protects structures against water infiltration which can cause expensive and irreversible damage. It is mostly invisible after construction is completed. Every day the basement of a building, or the outermost layer of a tunnel, is exposed to intense fluctuations in moisture levels and temperatures, all contributing to its deterioration. Count on Sika to provide long-lasting waterproof systems to protect your project.

Waterproofing HDPE FRP

CIVIL STRUCTURAL DESIGN SERVICES

Involve our expertise in flawlessly handling of Civil, Residential, Commercial, Industrial and other projects.

► Features

- Services handled by experienced team of professionals.
- Experienced team support working towards providing clients professional and innovative service solutions.

► Specifications

- Services comprising site visits, concept design & development, liaisoning with architects & builders/contractors.
- Services aimed at ensuring co-ordinate and smooth running of projects.
- Rich engineering experience allowing us to offer cost competitive solutions.
- Meeting the Commercial, Industrial and Residential structural design needs.
- Expertise in providing structural analysis and design solutions for broad range of structures.
- Experience in working on large number of architectural/industrial projects.
- Also offering solutions for renovation alteration and addition.
- Making use of latest software support to provide for easy-to-interpret structural drawings.
- Expertise in offering creative solutions as per the needs of clients

RCC WORK

Features

- Expertise in handling work support for RCC structures.
- Service support of experienced professionals.

Reinforced Cement Concrete solutions offered are backed by our rich experience in handling RCC tasks for large span structures, Running Plant Industries, Residential & Commercial Buildings

Specifications

- Can successfully handle projects of varied size and complexity levels
- Can provide for different structural systems like conventional beams, waffle slabs, steel beams, trusses and others.
- All conceptualization done keeping in mind related safety, practicality factors.
- Expertise in undertaking structural analysis using proven software support.
- Keeping in mind factors like seismic loads, wind loads and others while offering services.
- All solutions delivered come closely reviewed to ensure high accuracy and quality.

SURVEYING

OUR services include

- Construction Staking and Building Layout
- Digital Leveling
- Boundary Surveys
- Lot Surveys
- Topographical Mapping
- Subdivision (single family, multi-family, commercial)
- Site Planning and Layout
- Aerial Mapping Ground Control
- Computer Aided Design (CADD)
- Global Positioning Systems (GPS) Static networks
- GPS – Real time stakeout and data collection
- As Built Mapping
- Condominium Mapping
- Improvements Surveys
- Utility and Route Surveys
- ALTA/ACSM Land Title Surveys
- Section and Township Surveys
- Project Planning Consultation
- Reconnaissance Surveys
- Soundings and Flow Profiles

MAG Group of Companies provides our clients with the surveying edge throughout the project cycle by combining traditional surveying techniques with advanced surveying technology. Our surveying crews are equipped with state of the art Real Time Kinematic (RTK), Global Positioning System (GPS) technology, and conventional equipment for data collection. Professional staff and the latest in technology enable us to provide increased productivity and innovative solutions for clients.

ELECTRICAL CONSTRUCTION WORK

Our company is widely appreciated in providing Electrical Construction Service to the clients. This Electrical Construction Service is rendered by our dexterous professionals with the utilization of premium quality components and innovative techniques in our advanced prous professionals with the market rates. With us, you get all the quality and value you'd expect from a top electrical contractor with a level of service no others can match. Our skilled electricians, experienced project managers and thorough estimating department are able to meet the unique challenges of all types of constructionapartegardless of size or complexity. And our collaborative approach with general contractors struction projectkowards the critical importance of communication, coordination and attention to detail to the success of every project.

- MV/LV cables underground and overhead networks
- Control, Fiber Optic Cable
- Industrial & plant lighting, road/street lighting, building lightings.
- MV/LV sub-stations, power/distribution transformers, motors, switchgears, RMU, MCCS, panels.
- Overhauling and rehabilitation of all kinds of electrical equipment.
- Cable management system.
- Lighting protection and earthing system
- Fire alarm, CCTV Audio, audio visual, public address, security and access control system.
- Telecommunication and management system
- Industrial battery banks, charger unit and UPS systems

MECHANICAL CONSTRUCTION WORK

which allow us to provide practical design assistance, maintain complete control on budgets, and provide value engineering. Over the years we have built strong partnerships with general contractors, development groups, property managers, and service and maintenance customers.

Our team provides quality before quantity and performance before bottom line to ensure that every project is completed on schedule and on budget, without sacrificing safety or quality. Our substantial experience is applied to project planning and execution processes resulting in cost savings to our clients. This high quality and cost effective completion of projects allows clients to improve their competitiveness in their industry

Our mechanical construction services include

- Commercial plumbing and piping fitting
- Process piping, including fuel & gas, pressure piping systems, and fluid conveying systems
- Hydronic and steam piping systems
- Refrigeration piping
- Cryogenic chambers
- Piping fabrication and welding
- Mechanical insulation
- And more

TRANSFORMER

There are many different preventative maintenance actions to be performed on a power transformer. They can be on a daily, monthly, yearly, quarterly, half-yearly, or yearly basis. Some transformer maintenance activities only need to be performed once in a 3 to 4 years interval.

- Oil levels of MOG(Magnetic Oil Gauge) of the main tank and conservator tank. Always maintain to keep oil filled up to the desired level in MOG.
- Replace the silica gel if its color changes to pink.
- If any leakage is detected seal it.

INDUSTRIAL SUPPORT SERVICES

INDUSTRIAL CLEANING

- High Pressure Water Blasting
- Boiler Cleaning
- Liquid Vacuuming
- Dry Product Removal
- Tank and Pipe Cleaning
- Waste Disposal Transportation
- Chemical Cleaning
- Mechanical Cleaning

CATALYST HANDLING

- Fresh Air & Inert Atmosphere Catalyst Change Out
- Single Bed or Multi Bed Reactors
- Screening of Catalyst
- Tubular Reactors
- Reformers

SPECIALIST SERVICES IN INERT ATMOSPHERES

in relation to catalyst handling, we are specialized in working in Inert (hazardous) atmospheres for which we use the latest state of the art equipment. Jobs of any nature can be executed under these IDLH and hazardous conditions.

FABRICATION

- Piping Spool Fabrication
- Piping Fabrication & Erection for Brown & Green field
- Steel Structures Fabrication & Erection
- Passivation of Equipment & Piping
- Equipment Erection & Installation
- Skids Fabrication
- Sand Blasting & Painting

TURNAROUND/SHUTDOWN

MAG Group of Companies is fully equipped with all required resources to complete the turnaround or shutdown work. Commitment to complete the project on time is one of the MAG's strength. Having experienced & skilled Turnaround Planning, Turnaround Management & Turnaround Execution teams have made ICOM trustworthy in the market.

SPECIALIZED SERVICES

Plant Maintenance

- Heat Exchanger Maintenance
- Column Revamp
- Pipelines & Valves Maintenance
- Tank Maintenance
- Bottom Change Out & Repairs
- Cleaning & Repair Services for Columns & Reactors
- Blinding & De-Blinding of Equipment
- HydrotestingHeat Exchanger Maintenance
- Column Revamp
- Pipelines & Valves Maintenance
- Tank Maintenance
- Bottom Change Out & Repairs
- Cleaning & Repair Services for Columns & Reactors
- Blinding & De-Blinding of Equipment
- Hydrotesting

- Catalyst Handling
- Bundle Pulling & Installation
- Heat Exchanger Re-Tubing
- Tank & Pipe Cleaning
- Pre-commissioning & Commissioning
- Robotic Arm HE Tube Cleaning (Internal/External)

Equipment Rental & Manpower Support

- We offer rental of Industrial Support equipment which are duly certified by Third Party. Super Suckers, Vacuum Trucks, Bundle Puller, Hydro-jetting Machines, Tower Lights, Trailers, Welding Machines, Air Compressors etc. Manpower can be supplied also as per client requirement along with Equipment

METAL FABRICATION

SERVICES WE PROVIDE

Modernize your building's exterior and interior with sleek, durable, and energy-efficient aluminium solutions.

Bring your ideas to life with our comprehensive metal fabrication capabilities. We offer a wide range of services, including custom metalwork, partitions, grills, shutters, fencing, doors, cabins, and more. Whether it's functional, decorative, or both, our skilled craftspeople ensure superior quality and durability for every project. Let us collaborate with you to transform your vision into reality.

Structure

Structural metal, platework fabricators, fitters fabricate, assemble, fit and install steel or other metal components for buildings

Industrial Rubbish Bins

Heavy-duty and efficient industrial rubbish bin solutions.

Manual & Auto Shutters

Control and convenience with our manual and automatic shutter systems.

Grills For Windows & Multi Purpose

Security and style with custom metal grills

Fencing

Secure your perimeter with expertly crafted metal fencing.

Hollow Metal Doors

Fire-rated and durable hollow metal doors for commercial and industrial projects.

Cabins

Versatile and functional metal cabin solutions for various needs.

Design & Ordinary Doors

From everyday doors to custom designs, we bring your door vision to life.

Custom Metal Fabrication

Your specifications, our expertise - custom fabrication from your drawings.

ALUMINIUM WORKS

Modernize your building's exterior and interior with sleek, durable, and energy-efficient aluminium solutions. Transform your space with our versatile aluminium cladding, glazing, partitions, and custom solutions. From energy-efficient facades to sleek interior accents, we combine precision craftsmanship with superior materials for lasting beauty and functionality. Let us help you achieve your design goals with aluminium's exceptional strength, weather resistance, and limitless customization potential.

Aluminium Cladding

Enhance your building's facade with sleek and energy-efficient aluminum cladding.

ACP Works

Let us transform your space with beautiful and functional ACP solutions

Sky Light

Bring natural light and beauty into your space with expertly installed skylights.

Sliding Windows

Maximize natural light and space with our smooth-operating sliding window systems.

Curtain Walls

Enhance your building's facade with expansive, energy-efficient curtain walls.

Doors & Windows

Choose from a variety of custom aluminum doors and windows for your project.

WELDING

Our teams bring experience and qualifications in diverse sectors across the kingdom. No matter the size, shape, or complexity of your pipe spool, skid, or vessel fabrication job, MAG Group of Companies has the experience and capacity to get it done right. We pride ourselves on our bespoke fabrication, sheet metalwork and fabrication design services. With years of experience behind us, we possess the skills and knowledge necessary to take your project from initial conceptualisation all the way to the finished product.

GLASS SOLUTIONS

Elevate your space with natural light, spaciousness, and elegant glass solutions.

Transform your space with our custom glass solutions, including partitions, doors, skylights, architectural hardware, and more. Enjoy increased natural light, a sense of spaciousness, and elegant design. Our expert team ensures precision installation and a flawless finish for any residential or commercial project.

Cladding & Glazing Work

Modernize your building with sleek and energy-efficient cladding and glazing.

Toughened Glass

Upgrade your windows, doors, and partitions with impact-resistant toughened glass.

Glass Partition Work

Let us transform your workspace with beautiful glass partition installations.

Interior Swing Door

Maximize light and create a spacious feel with glass fittings for your interior swing door.

Architectural Pulls, Handles and Locksets

Find the perfect architectural handles, and locksets to match your project's unique style.

Concealed Closers, Pivots & Panic Hardware

Achieve a clean, seamless look with our concealed closers, pivots, and panic hardware solutions.

Interior Glass Wall System

Create stunning and modern spaces with custom interior glass wall systems.

Manual Sliding Door System

Maximize space and enjoy smooth operation with our manual sliding door systems.

Moveable Glass Wall System

Let us design a custom moveable glass wall system perfectly tailored to your needs.

MATERIAL TRADING

Mechanical Materials

MAG Group of Companies offers a comprehensive range of mechanical materials tailored to meet the diverse needs of industrial projects. From pipes and fittings to valves and pumps, our selection ensures optimal performance and durability in any mechanical application.

- Steel Pipes & Fittings
- Grooved Fittings & Valves
- Copper, Brass Pipes & Fittings
- Soldering & Welding Products
- Solvents, Adhesives & Cleaners
- Chlorine & Water Filters
- Valves, Bars & Tubes
- Pipes, Fittings, Valves & Drains
- Pressure Tanks
- Clamps, Joints & Couplings
- Valves & Arrestors
- Flanges
- Gauges & Meters
- Sheets & Plates
- Gaskets

Building Materials

We understand the importance of using top-notch building materials to achieve superior construction results. Our extensive inventory includes a wide variety of building materials, ranging from structural steel and concrete products to roofing and insulation solutions.

- Construction Sand
- Steel Rebar
- Steel Wire Rods
- Aggregates
- Chemical Admixtures
- Wire Mesh
- Formwork Shuttering Clamps
- Supplementary Cementing Materials
- Construction Wood & Carpentry Wood
- Sheet Materials
- Specialty Adhesives
- Tools & Accessories

Electrical & Instrumentation

- Bulbs & Lamps
- Fuses
- Cable Lugs
- Cable Tray & Ladders
- Circuit Breakers
- Wiring Devices
- Power Cables, LV, MV, HV
- Grounding Material
- Lightning Materials
- Rigid Steel Conduits
- Electrical Metallic Tubing
- Flexible Metallic Conduits
- Conduit Boxes
- Enclosures/Cabinets
- Wires & Cables
- Electrical Testing Equipment
- Fire Detection & Alarm System
- Safety Tools for Substation
- Communication & Control Cables
- Conduit Fittings & Accessories
- Cable Termination & Kits
- Safety & Disconnect Switches
- Transformers
- Electrical Panel boards
- Heat Tracing Systems
- Earthing And Lightning Protection
- Instrumentation Tubes & Fittings
- Industrial Automation
- Hazardous Lightings
- Bulbs, Lamps & Luminaires
- Partial Discharge Monitoring System
- Wiring and Cabling Accessories

Safety Materials

- Protective Glasses
- Safety Helmet
- Safety Vest
- Safety Harness
- First Aid Kit
- Safety Shoes
- Safety Eye Glass
- Ear Plug
- Face Mask
- Surgical Hand Gloves
- Smoke Detector
- N95 Welding Face Mask
- Respirator 3M Mask
- Filter for 3M Mask
- Coverall
- Safety Flag
- Face Shield Cover
- Face Shield Holder
- Tig Gloves
- Leather Apron
- Welding Gloves
- Welding Glass
- Welding Shield
- Nitrile Gloves
- Barrication Tapes
- Fire Blanket
- Fire Bucket
- Fire Extinguishers
- Industrial Cleaning Tools
- Workwear
- Fall Protection
- Eye Wash & Shower
